2018.01.12 15:21. Windows 7 will include the following security enhancements: • Microsoft Data Protection Platform (DPP) - a data

protection service for Windows .Q:
Android Setadapter does not work My
app was working fine and I did not
change anything in code. I now I have to
change it to new language but it does
not work. Problem I tried to change the
language to Arabic. I changed the
R.java and also the strings.xml file, the
getString() and setString() methods. I
even changed the setContentView()
method in the class, but the problem
still occurs. The strings.xml file:
