MicroBattles is a cracked Minecraft server with user-made gamemodes. If you want to play Minecraft with friends from around the world, this is the server for you! The official Cracked

Minecraft Server!

Microbattles is a small Minecraft Server. We are a completely cracked server, we have taken the reigns and decided to create, remove, and edit our own gamemodes, completely original. We invite you to join us in our growth, and as we expand we hope you can join us in being a part of our family, and also growing our servers and community.

Come join us! Minecraft World: This server was built by our Mod Team, for Mod

Team. We had many difficult times to get this server up and running, and we're happy to bring this project to everyone. This server includes many custom files to help with hosting the server. We welcome you to join our community, and welcome your input to help build the most awesome server that is capable of being run well by our Mod Team! microbattles 1.9 beta MicroBattles is a brand-new, action-packed map dedicated to the best of your competitive and

cooperative Minecraft experiences. It boasts 9 minigames, ranging from objectives-based, to PvE, to massive PvP battles!

MicroBattles is a cracked Minecraft server that has been running since 2010. It's steadily active community has plenty of game modes like Parkour, Creative, Skyblock . micro battle minecraft cracked servers MicroBattles is a cracked Minecraft server with user-made gamemodes.
