The software version that is installed on your phone is called G3 V8.8.00.059.0. Edit: I've actually found a way to do this. I started with the latest NavCore update (1.4.8) and I found that the map update data used in this version is outdated, and it does not even work on most streets. It does, however, work on some streets (I don't know if this is the same for all versions). In order to download updated maps, you must be connected to a cellular data network, or Wi-Fi. "Sometimes it's not the right mattress for a person," said Gina Lewin, a consumer affairs counselor with Consumer Reports, which tests new mattresses at least once a year. The tests typically last at least two weeks, with some lasting for more than a month, she said. A survey of nearly 20,000 respondents to Consumer Reports' website

last year found that about 60 percent of millennials think the average mattress is too firm, and 72 percent of them would trade up for softer bedding. “If someone’s sleeping on a mattress that doesn’t do the job, it’s not a good thing,” said Lewin, who is also an adviser to the California Association of Child and Family Services. People don’t know what they don’t know, and that’s particularly true for millennials, said Anne Marie Alleman, founder of Better Sleep Council, a nonprofit that helps people figure out how to sleep better. “I don’t think they know what to expect,” she said. One of the biggest complaints from millennials is a hot mattress, especially in the summer. Some are even going for a memory foam mattress, which often comes with a cooling pad underneath. Mattresses can range from \$100 to \$4,000, Lewin said, and many come 2d92ce491b
