Plot Chili Con Carnage follows the story of Ramiro Cruz, a member of the violent Juárez Cartel; as he battles the onslaught of the powerful Rangers and his way of life. Ramiro was once a bounty hunter who worked for the Rangers before he began his quest for revenge. This is where he gained his surname. Gameplay The player controls Cruz throughout all of the story, and can access weapons and upgrades using money earned through the story. Cruz rides a motorcycle, and can access the "dash" mechanic, which allows the motorcycle to jump between ledges and obstacles. The second gameplay mode involves an Over-the-shoulder perspective, similar to Medal of Honor and Killzone. There are two of these modes, one for each play-style. The third gameplay mode is the traditional third-person shooter. The player takes control of a Ranger through different levels, battling bosses along the way. The bosses, as with the story mode, are in maelstroms of light, with water shooting through on the side of the screen. Cruz runs down the beach and dashes through the water to escape. Reception Chili Con Carnage received a score of 5.9 out of 10 at GameRankings. It has since received higher scores on various gaming websites.
