Doja Cat // Planet Her // New album out now: You've landed on Planet Her ... New album out now: You've landed on Planet Her. What could be better than a new album? Just a new album with a new song. And Doja Cat decided to please us. The singer's new album has appeared online. "The new album is online and you can't wait for it to be released!" - The singer announced. The new album appeared online on the night of May 25-26. The album will have 14 songs. And one of them will be called "Planet Her". The song was recorded as a duet with singer and model Emilia Clarke.
