Abdul Matin (also spelled Abdul Mateen) may refer to Amazon Echo, which can be controlled by your voice, is far from just a computer on your countertop -- it can work for you instead of you. You can leave the

house, let Alexa do your bidding, and have you hear what you want to hear. However, it's not perfect and only works as much as the cloud can hear. If you need something from a certain website but Alexa doesn't know about it, you're out of luck. That's where search comes in. Amazon Use the Echo's search feature Amazon Start a search Using an Echo is as easy as telling Alexa to search

something. You can start a search either by telling Alexa to search something, or simply saying "Alexa, search " to make your commands
