Q: Retrieve the highest item from a list I have a function that retrieves a list from a remote DB. Now I would like to know the highest value in the list and add it to the highestItems variable. It would be something like:

is, how can I retrieve the highest item from the list?

perpetrators accountable. NAAG envisions a society where LGBT youth are free to live, learn, play, work, and worship without fear of harassment or discrimination based on sexual orientation or gender identity or expression. They recognize that many LGBT youth face multiple barriers to successful civic participation due to the negative impact that discrimination has on an individual's self-esteem, sense of well-being, and their ability to function in society. The Division of Gay Rights is deeply involved with protecting the rights of LGBT youth. This includes monitoring federal laws, contacting LGBT youth to address their needs and concerns, participating with partners in local efforts to combat homophobia and build positive communities for LGBT youth, and advocating for state and local efforts to address issues of concern to LGBT youth. NAAG wants to partner with you to combat homophobia and transphobia and to build a positive future for LGBT youth. Cox was administered a blood alcohol content test that was above the .08 blood alcohol content limit. In court, her attorney Robert Lefebvre argued for the most lenient sentence allowed by statute, according to the Star. Lefebvre argued that Cox was a single mother who was attempting to provide for her young son. Crockett's first big break came when he was hired by star radio disc jockey Dan Ingram as a producer.
