Issues: No-CD Fixes can be a tricky problem
when fixing your CD-less games. If you've
found that a no-CD patch is not working for a
game, perhaps you'll find the answer here. May I
suggest to try your game with a No-CD in the
Drive, even if you've already done this, as it
might be helpful. No-CD & No-DVD Patch
troubleshooting: The most common problem
getting a No-CD/No-DVD patch to work is
ensuring that the No-CD/No-DVD patch
matches you're game . The people can download
Fifa 08 game or register it from the website.
when you try to run this game then you will see

a blue screen. click start to start the game, you will see a blue screen with the message saying the boot device has failed and it will restart and you will have to start with a non-boot device.
