They spend the night in the same bed when they have twin babies in arms. This is according to a letter that the Duchess of Cambridge has sent to the Palace in May. A source has said in a new interview that Prince William and Kate Middleton do not sleep in separate rooms. They spend the night in the same bed

when they have twin babies in arms, according to a new interview. Kate Middleton has requested that their bedroom be converted to a nursery. A source has said in the latest issue of Time Out magazine that: "Kate always has Prince William's back. The Queen's sister knows the royal offspring need their own space, but she is very committed to spending time with all the young family together." The source added: "Kate always has Prince William's back. The Queen's sister knows the royal offspring need their

own space, but she is very committed to spending time with all the young family together. There is no question of the boys sharing a room when they are younger." The source also confirmed that William has asked to make sure that they will have a nursery in their private residence so that he can continue to spend time with his sons. Kate Middleton has requested that their bedroom be converted to a nursery.Q: Quoting prefix of a string from the stdin I want to read a prefix of a string from the standard input, say string s, and

print it.
