### VividClix Crack

1. Smart VividClix Browser Search... Whether you're searching through the list of search results or simply surfing the web, VividClix is a handy and reliable browser extension designed to offer you keyword suggestions while searching the web. The plugin works with all major search engines including Google, Bing, Yahoo, DuckDuckGo and Yandex. Using VividClix, you can reach excellent outcomes, faster and more efficiently. For instance, instead of typing "shopping center", simply type "shopping" and a quick list of suggested keywords will pop up. Additionally, it can provide you with a list of top keywords for your query. However, you can go further and view search suggestions by topic. Also, there are times that VividClix may fail. If this happens, the best way to get your query resolved is to simply restart the browser. 2. Automatically list more keywords... The plugin is made in such a way that it automatically lists more search results. You can easily change the options to suit your needs. The list of keywords are not limited to the search results. You can have as many keywords as you want. It enables you to search for the same keyword multiple times and get good results, even if you don't know what you're searching for. 3. Search Suggestions while typing... Besides being a search extension, it is also one of the best ways to search the web. When you type a query, it gives you suggestions of search results. You can also see search results when you're pressing TAB button or right-clicking to open a new tab. The plugin provides suggestions for many different search engines including Google, Bing, DuckDuckGo and Yandex. 4. Easy to use... VividClix is made to be simple to use. If you're unfamiliar with it, you'll have no problem figuring it out. It is convenient that you can use it without having to install anything. 5. Includes popular search queries... You can check out all the most popular search queries that other people performed before you. Click on a search query to see a list of related keywords. 6. Light and fast... VividClix takes up very little space and has no effect on the speed of your browser. It is extremely easy to use
