In this section you will find free programs for cross embroidery. Free Cross Stitch Software download. Software to edit and create cross embroidery schemes. Software for cross embroidery. In this section you can find free cross embroidery programs. In this section you will find free cross-stitch programs. This software for your PC, as well as applications for mobile devices. Software for cross-stitch. Programs for PC, as well as applications for mobile devices, will help you quickly create a cross-stitch embroidery scheme of any image. To create a cross-stitch embroidery scheme in the programs can use any image, including in graphic format. When you create a scheme, you can use a ready-made design, or create a design yourself. The program to create schemes for embroidery 'Aida 16'. Aida 16 - this is one of the highest quality programs designed to create cross-stitch embroidery schemes. With this application, working with the program becomes intuitive. To start creating a scheme, you need to enter the name of the future embroidery. The program will prompt you to create a new scheme or edit an existing one. If you decide to start creating, click on the "New Scheme" button. A work box will appear on the screen where you will be prompted to enter a name for your work. Enter the name and click "Next." Next, you should select the color of the thread you are asked to use to make your pattern. You can choose from a large list of colors or pick the shade yourself. To do this, simply click on the selected color and click "Next". In the next step, you will be prompted to choose a pattern. This can be flowers, snowflakes, leaves, etc. Also here you can choose a picture that fits the given theme. To do this, click "Download", choose the picture and click "Next". After that, you will open a form in which you must enter the necessary information. You can also choose the ready variant if you choose "Selections". How to use the tips You can click on the "Tips" button to get tips on working with the filter. It is located at the bottom of the form. Hints will appear after that. You can see all settings related to the selected topic. If you have any questions, you can click on the "Help" button.
