(Note: Some other pages also ask about your computer's hardware specifications, but these are the only ones relevant to the game.) Here is a general guideline: If you don't have a system that meets the specifications listed below, you probably shouldn't be playing this game. If you have a Windows operating system, you need to have the following minimum system requirements: Windows 95/98/Me/NT4/2000/XP/2003: (this includes the 32-bit versions of those operating systems)
