Cropping images Cropping is a quick and easy way to transform an image. Doing this simple operation in many ways has a dramatic effect on the look of your image. At its most basic, cropping means reducing the size of an image on the screen to include only the part that you want. You can make this reduction by moving a box around the image (see the graphic in Figure 6-9), resizing the image (make it smaller), or resizing the image (make it bigger). FIGURE 6-9: If you don't like what a photo's aspect ratio looks

231 Ga. 408 (1973) 202 S.E.2d 468 PEACOCK et al. v. FIRST NATIONAL BANK OF BOONE COUNTY et al. 28584. Supreme Court of Georgia. Argued February 12, 1973. Decided April 4, 1973. Gilbert C. Shear, for appellants. Perry, Walters & Langstaff, J. M. Langstaff, for appellees. GRICE, Justice. The First National Bank of Boone County and Continental National Bank, as executors of the estate of Mattie E. Peacock, filed a petition in the Superior Court of *409 Columbia County (in which the will of Mattie E. Peacock was probated) alleging that one Floyd Randolph, who was their predecessor in title, executed and delivered to them a written release of any and all claims for which Mattie E. Peacock might be liable and that they paid him \$15,000 therefor. They prayed that the petitioners be ordered to execute a new written release of any and all such claims and for judgment against Mattie E. Peacock for the full amount of such release and that the respondent be restrained from prosecuting any suit of any character on the alleged claim against them on which the release was made. The respondent filed a traverse denying that the release was valid and denied that he was indebted to Mattie E. Peacock. Attached to the traverse were the

verified records of the Superior Court of Columbia County showing the probate of the will of Mattie E. Peacock and the approval of the will by the probate court. The petitioners filed a motion for judgment on the pleadings. The court sustained the same. This appeal by the respondent followed. Held: 1. The petitioners rely upon Code Ann. § 108-503, which reads: "In an action for the recovery of real property, or of an estate or interest therein, or for the foreclosure of a mortgage, or of an equity of redemption therefrom, or for the re-establishment of any lien upon real property, the plaintiff shall, at the time of the commencement of his action, make out a good and sufficient title to the real property or estate or interest therein claimed by him, or have it in him at the time of the commencement of his action. No judgment or decree shall be entered against any defendant except upon his appearance or

Q: How can I configure CABundlePath in Code Generated by NAnt? I'm configuring a CABundle to be used in a NAnt script. After invoking: I'm doing the following: However, the CAB Bundle produced by NAnt isn't being generated in the correct location. It instead is in

C:\Sources\\${app.exe.name}.cab. Is there a way I can configure where the CAB is being generated, without using a Property Expression? A: Looks like you are actually almost there. You just need to format your variable as an argument of the cab:CABundle (as in cab:CABundle Argument="C:\Source\\${app.exe.name}\\${app.exe.name}.cab"): 0.93 0.34
