Pictured on the previous page is a sample of the final work done on the first image from the series _Photoshop Essentials For Dummies_. Photoshop is one of the best digital editing software programs for beginners because it requires absolutely no prior programming experience. The _Essentials For Dummies_ series is a great way to get started in Photoshop. 5. **Crop and resize the image in a suitable size for your layout.** Crop the top, bottom, left, and right sides of the image to eliminate any unnecessary, unused portions of the image. Cropping comes in handy when you need to remove a portion of the image that contains an unwanted object. 6. **Add text to the

image.** A good graphic designer knows how to incorporate text into an image without looking like a text book. You should also add text to add a caption to the image. 7. **Add and/or change the text color and style.** Use the Paint Bucket or the Text tool to add or change the text color and style. 8. **Use the Rectangular Selection tool and the Type tool to place text.** Use the Rectangular Selection tool to select individual text. Place the text over the original photo with the Select and Move tools. Alternately, use the Type tool to select a region and change the text color and style. After the text is placed, use the Type tool to enlarge the letters, add styles, such as italic, bold, or underline, and change the font. Photoshop includes a variety of text styles, including * **Serif:** The serif, or the slight cross section added to the top of a letter, creates more visual interest when a text is printed in black and white. Serif faces can be hard to read in a color display, so they're best used on black and white photos.

The serif font styles available include Script, Italic, and Bold. * **Sans Serif:** Sans Serif is a variation of the serif font. Sans Serif is the default font in Photoshop. There are several styles available including Italic, Bold, and Bold Italic. * **Fancy:** Fancy fonts feature a wider, more open capital form letter, more brackets and ligatures, and additional ornamentation. Fancy fonts are designed for capital letters and are most often used for logos, headings, and titles

The Great Escape for Sole Outlets By: Patrick McKeay The Great Escape Sole Outlet Stores There are many reasons you might be looking to visit The Great Escape. A holiday? Wine tasting? Colorful sand? Golf, …..or ….Sole Outlets? Either way, let's look at the main reason why you are here. We'll talk about shopping, so please bear with me if I sound like a tour guide, we're going to get you into the shopping mood. So let's start by looking at what makes a Sole Outlet so special? While the design of the store is strikingly modern, here are some of the defining elements. There are in fact, two main reasons why you would want to visit The Great Escape. You might be looking for the contemporary, green and beige look that is going to take you out of this world. Or maybe you're looking to replenish your wardrobe, get that little something that will take you through the rest of the year. Either way, you're looking for

great shopping and the experience that only a great designer store can deliver. When I bought my very first pair of sky-scrapers I could hardly believe the style and the luxury. The stores are dressed like a Parisian boutique and you'll feel like you've stepped into the future. The staff are friendly, even if they are selling shoes, you'll be sold the most up to date, trendy fashion. The stores are full of flattering chairs, so you can sit comfortably while you look through the racks. Shoes and handbags are the main focus for the girls, but you'll also find that the stores are full of amazing accessories, so you can match your shoes and handbags together. As my wife would say, 'Shoes make the man!' The versatility of today's shoes are that they can be worn with dresses, jeans, shorts, whatever. The kids will be thrilled too as the sporty looks are very popular with kids. All of these little touches create the experience that has made The Great Escape one of the most popular designers shoes stores around. So I'll

leave you with one of their famous slogans, 'No middle men'. If you are looking to get a great deal on a pair of green, sky-sc
